

THE REVIEW

Zephyr's Garden's New Canine Line

Following the success of their equine products, Zephyr's Garden now has a line of products specifically for dogs! With the start of a new year, Zephyr's Garden embarks upon a new product line – Zephyr's Garden Canine. The line launches with five new products, each geared toward effective and gentle healing through the use of herbs, not chemicals. Formulated to tackle common topical issues, such as fungus, hot spots, seasonal itching, and wounds, the canine line, as with its "sister" equine line, is made with top-quality, human-grade herbs and essential oils.

Croup Cover™

The summer brings out the wasps and horse flies, as well as the beating sun. Some horses are sensitive to the bites, and others, with pink skin on their croup area, need protection from the sun. It is this area behind the horse's saddle that he cannot reach with a swish of the tail.

HorseFlyNet™ developed this simple cover that will fit any horse. It is breathable and made with a woven fabric that is tough and washable. It is anchored to the saddle pad with brass blanket pins that come with the Croup Cover. The green cover has heat-sealed hems, so it will not scrape the horse's back, and it is approximately 2' x 2'. Best of all, the Croup Cover is made in the USA.

SuperMask® Celebrates 25 Years

SuperMask Horse Fly Mask is celebrating 25 years of providing the best in fly mask protection for horses. Whether you prefer to be fun and flashy, or are more traditional and conservative, the SuperMask line of horse fly masks has the perfect fly mask for you and your horse... and they come with or without ears.

This year, the traditional barn colors of burgundy, navy blue and forest green are returning in the SuperMask® II Classic Collection. For the less traditional, you can choose to go wild with the SuperMask® II Fly Mask Shimmer Weave™ Mesh Color Collection – available in four fashion-forward color configurations.

Kerrits® Fresh Color Collection for Kids

Kids will be rockin' it at the barn this spring with a fresh new color collection from Kerrits! Kids can create a fun and coordinated look with lively prints and solids in Kerrits Kids Tight and Ventilator Jersey combination. This season's new color palette of Dewberry, Skyblue, Bluebell and Silver is sure to brighten up any young riders' wardrobe.

Not only do kids love the soft, stretchy comfort that the Performance Tight delivers, parents can appreciate the durability and ease of care. The elastic drawcord waistband adjusts for growing bodies, while gripper elastic at the ankle can be rolled to offer a custom length. The Kerrits motto is: ride, wash, repeat!

Kids Performance Tights and Kids Ventilator Jerseys are available now at authorized Kerrits dealers and online at www.kerrits.com.

Emerald Valley Receives NASC Seal

Emerald Valley Natural Health recently earned the Quality Seal from The National Animal Supplement Council. NASC is an industry group dedicated to protecting and enhancing the health of companion animals and horses. NASC members are industry participants and stakeholders of the finest animal supplements, committed to the highest standards of quality today.

NASC members' products may carry the NASC Seal on the label, providing a symbol of "quality assurance" for consumers and other stakeholders. For more information on the NASC, visit www.nasc.org.

NASC initiated its Quality Seal Program as part of its ongoing effort to improve and standardize the animal health supplement industry. When consumers buy a product with the NASC seal, they are buying from a reputable company that has successfully completed a facility audit. Use of the Seal is a privilege for members and signifies the company has been audited for implementation of specific standards.

Look for the seal on all of Emerald Valley's herbal products and treats. Visit www.emeraldvalleyequine.com or call 1-888-636-8262 for more information.
