

Model Painting Kit

Encourage a child — or the child at heart — to create an equine work of art. This Paint-Your-Own-Pony kit contains a blank resin model of a cantering steed, a set of six lead-free acrylic paints, and two brushes. Inspiration and painting tips available at The Trail of Painted Ponies

website. A rearing-pony model is also available. **Cost:** \$23.99. **Contact:** The Trail of Painted Ponies, (800) 500-5779; www.paintedponiescollectibles.com.

Fleece Jacket

Keep an older child warm and stylish in the saddle with the Kids Sherpa Fleece Jacket. The jacket uses plush, soft Equitech Fleece for layering warmth and freedom of movement; a high collar and long arm length with double-layer cuffs help keep cool air out. Invisible zipper side pockets are a convenient touch, while the cinched waist adds fashion flair. Available in dune (beige), dapple (gray), and lava (red).

Cost: \$79. **Contact:** Kerrits Performance Equestrian Apparel, (800) 274-7946; www.kerrits.com.
